THE TRUTH ABOUT THE A C L U

The California State Legislature's 4th Report of the Senate Fact-Finding Committee on Un-American Activities (1948 - p. 107) said: "The American Civil Liberties Union may definitely be classed as a Communist front or 'transmission belt' organization.

While it professes to stand for free speech, a free press and free assembly, it is quite obvious that its main function is to protect Communists in their activities of force and violence in their program to overthrow the government."

Congressional Record

PROCEEDINGS AND DEBATES OF THE 87th CONGRESS, FIRST SESSION

The Truth About the American Civil Liberties Union

Odd coincidences

1. The ACLU, long an advocate of unlimited freedom of the press and freedom of speech, asked Secretary of Defense Charles Wilson to withdraw a pamphlet entitled "How To Spot a Communist," prepared by the 1st Army and used by the Watertown, Mass., arsenal (New York Times, June 12, 1955).

These are a few of the past and present prominent officials and leaders of the American Civil Liberties Union.

1. Roger Baldwin, founder and guiding light of the ACLU for over 30 years, is now a member of the National Committee of the ACLU. Mr. Roger Baldwin has a record of over 100 Communist-front affiliations and

5. The ACLU has been the recipient of numerous grants from the Garland Foundation (American Fund for Public Service) which is the notorious bankroll for Communist front organizations. The Garland Fund is characterized by the California Senate Fact Finding Commission, 1948 report, page 247, as "the source of revenue for Communist causes is generally referred to as the Garland Fund."

Are the A C L U's efforts in the best interest of America? Let the record speak for itself:

1. The A C L U has fought postal control of pornography and subversive publications as "censorship."
2. The A C L U has protected the Red-infiltrated National Lawyers Guild and has defended even self-admitted Communist attorneys.
3. The A C L U has sought to change Christmas into a simple "Winter Holiday" and to bar all reference to God from education.
4. The A C L U has tried to downgrade military service, and to rob power from courts and police forces.
5. The A C L U has sought to abolish the House Committee on Un-American Activities, and to discredit J. Edgar Hoover and the F.B.I.
6. The A C L U has tried to foster the presence of Communist teachers in schools, to wipe out all security laws, and to belittle the privilege of taking a loyalty oath.
7. The A C L U has sought to cancel the Connally Amendment, to coddle Reds in labor unions, churches, communications, and government agencies.
8. Recently the A C L U took the first step in abolishing Kindergarten prayers said before "snack" time during school sessions in the La Mesa, Calif. School District. The "offensive prayer is as follows:

"Thank you for the world so sweet,
Thank you for the food we eat,
Thank you for the birds that sing,
Thank you, God, for everything.

According to Dr. David Pascoe, assistant superintendent, the district substitutes the word "now" for "God."

The district is awaiting a decision from the County Counsel as to the legality of the prayer.

ACLU against chaplains in armed services.

Chaplains Illegal, Group Asserts

S.D. Union 9/15/63

CAMDEN, N.J.—(UPI)—An American Civil Liberties Union chapter yesterday challenged the constitutional right of the federal government to pay chaplains to teach religion to servicemen and their dependents.

It cited the U.S. Supreme Court's decision outlawing Bible reading and prayer recitation in public schools in arguing that the practice is illegal.

If public schools may not sanction prayers, "we do not know how the U.S. Army would have any more right to teach religion," said Charles C. Thomas, a Camden lawyer who is chairman of the South Jersey committee of the New Jersey ACLU.

Thomsas raised the question in a letter to Secretary of Defense Robert McNamara. He said the issue had never been dealt with.

The Defense Department replied that military regulations require that voluntary religious instruction be offered.

"But that completely ignored my basic contention —namely that the U.S. government should not employ anyone to teach religion, even if the religious training is taken voluntarily," Thomas said.

He said if McNamara or U.S. Atty. Gen. Robert F. Kennedy do not "terminate the chaplains' incursion into religious education", the ACLU will consider bringing a taxpayers' suit to get a court ruling to end the practice.

Lawmakers Plan Prayer Ban Fight

San Diego Union 6/20/63

Compiled from The San Diego Union News Services

A campaign to overturn the Supreme Court ruling against prayer and Bible reading in public schools was begun yesterday in both houses of Congress. John Williams, Del., and five other Republican senators introduced a proposal to kill the court ruling by constitutional amendment. In the House, Rep. Frank Becker, RN.Y., said he will seek prompt action on a constitutional amendment which he proposed last year after the Supreme Court prohibited prayers in New York Schools.

At the other end of the country and the argument, the American Civil Liberties Union filed suit in Federal District Court in Los Angeles challenging the recitation of the Pledge of Allegiance as long as it contains the phrase "under God."

A petition seeking to outlaw questions of subversive involvement posed by the Board of Education was filed yesterday at the state Supreme Court's office in Los Angeles.

Joseph Kase Jr., deputy county cousel representing the school board, said he will file agruments that the petition was not brought within rules of the court and should not be considered.

The petition for a writ of mandate was filed by the American Civil Liberties Union which simultaneously file a separate similar action against [illegible] schools.

Red Sign-Up Law Attacked

9-17-62

NEW YORK (AP) — The American Civil Liberties Union said yesterday that requiring Communist-front groups to register with the government infringes on the first amendment to the constitution.

The ACLU plans to attack the provisions of the internal security (McCarran) law in a brief to be filed today in the U.S. Court of Appeals at Washington.

The ACLU has argued repeatedly that the 1950 statute is unconstitutional.

Sections in the act defining Communist-front organizations are "so vague and uncertain," the ACLU claims, that they also violate the due process clause of the fifth amendment.

Jack Childres, *Chairman*

Dear Jaycee:

We note that your organization is sponsoring the appearance of Mr. A. L. Wirin, chief counsel for the Southern California branch of the ACLU.

When Richard Gibson, National Executive Secretary of the Fair Play for Cuba Committee spoke to students at San Diego State College in January of 1961, the San Diego Patriotic Society warned of the consequences of dignifying a subversive peddler of hate, venom and treason - - all under the guise of academic freedom. Americans disregarded our warnings, calling us "extremists." Now our president is dead, felled by a rifle in the hands of a Fair Play for Cuba fanatic.

Knowing you treasure your freedoms, we urge you to investigate Mr. Wirin's background as well as that of the ACLU. We enclose for your study a thoroughly documented fact sheet on the ACLU. Listed below are a few of Mr. Wirin's credentials:

California Legislature, 1953 Regular Session, Eleventh Report, Senate Investigating Committee on Education. Page 113 -

"A. L. WIRIN has been affiliated with the INTERNATIONAL LABOR DEFENSE. This organization has been cited as "following the Communist Party line and the defense of the Soviet Union meticulously." It has been cited by seven different committees on Un-American Activities in the United States. A. L. WIRIN supported the SCHNEIDERMAN-DARCY DEFENSE COMMITTEE. This front was organized by the Communist Party for the purpose of defending Schneiderman and Darcy who have been prominent in the Communist leadership in California. (California Committee on Un-American Activities, Report, 1948, page 358.)
A. L. WIRIN, counsel for the AMERICAN CIVIL LIBERTIES UNION, endorsed the COMMITTEE FOR CITIZENSHIP RIGHTS. This organization was a subsidiary COMMUNIST front for the defense of William Schneiderman. (California Committee on Un-American Activities, Report, 1948, page 359.)
The COMMITTEE FOR CITIZENSHIP RIGHTS has been cited as "defending the interests of the Communist Party" (Special Committee on Un-American Activities, Report, March 29, 1944, page 95) and cited by the Congressional Committee on Un-American Activities, and the California Committee on Un-American Activities.
A. L. WIRIN is listed as a member of the NATIONAL LAWYERS GUILD."

Eleventh Report, Un-American Activities in California. Page 172-

"Wirin is a member of the National Lawyers Guild, cited by several official agencies as a Communist-dominated organization, and this affiliation, together with his participation in the activities of other organizations that are openly sympathetic to the Communist cause or welcome Communists as members, and his record of close association with Communist fronts and Party members during the thirties, have combined to create considerable suspicion concerning his ideological tendencies....."

"..... AND THE MILITIA DANCED THE CHA-CHA-CHA WITH STATUES OF THE HOLY VIRGIN MARY ! "

Cuba today is a land of terror, fear, misery and poverty. The following letter, written by an ex-Cuban patriot, tells of actual conditions in the "workers paradise" just 90 miles south of us. READ IT AND THINK - - FELLOW AMERICAN!

In these days when press headlines, TV and radio are filled with the internal problems of this country, little if any news comes through of the feverish military preparations now going on in Cuba, 90 miles away; of new military and missile bases being prepared; of the continual influx of thousands of Russian soldiers; of the Castro-guiding hand behind terror, turmoil and strife which are riddling Latin America. Nor are we told of the stepped-up executions, or of the drastic shortages of food, clothes and medicines. Yes, medicines! Seems unbelievable, doesn't it, when one thinks of the ransomed prisoners deal? Yet only recently I had an urgent message from a friend of mine in Cuba, a colored person, who is in desperate need of insulin and Pandorina pills. My friend suffers from diabetes. He is almost totally blind. His mother is losing her sight and his father is totally blind. The Castro regime has ignored this pitiful colored family, as in truth it has ignored countless others. My friend says: "I can't say I am better, because of lack of medicine!.....Mr. Donovan, what have you to say about this?

All Cuban sources report that the Russians are increasing THEIR PHYSICAL MILITARY CONTROL OF THE ISLAND with detachments of Soviet troops acting as occupation forces in key towns, ports, road junctions and other strategic places. Missiles with a 200-300 mile range are reported emplaced in the city of Holguin, in Oriente Province. A large raid of Freedom Fighters was made against the Russian complex which surrounds this city. The attack failed when it was detected by Soviet electronic warning systems surrounding the base. In addition to Soviet military installations a Russian camp has been installed near Ciego de Aguila. Also a place near by called 313. Both are in Camaguey Province. 20,000 Cuban laborers have been building Soviet bases in (a) "Centro Lechere," near Calvario; (b) "Granja Camilo Cienfuegos" in the hills of Tapaste (both in Havana Province); (c) a place called Cacahual. There are reports that 10,000 Russian troops are in the Caiberien area in Las Villas Province. Tremendous construction activity, under tight security measures, is going on at Cayo Frances, Cayo Fragoso and Cayo Santamaria - - some 15 miles off the port of Caibarien. Military construction is going on at a frantic pace at Vinal village in the same province. Rocket bases are being installed at Mabulla, Camaguey Province. Russians are shipping arms, men, and supplies through the newly strengthened additional ports of Guayabal, Camaguey Province, and Media Luna, Oriente Province.

The Russians are gradually turning over their supersonic Mig-21 fighter bombers to Cuban airmen. The Migs are based at San Antonio de Los Banos Airbase in Havana Province. These Migs can easily be fitted out with bomb racks to carry atomic bombs with a range of 300-500 miles. CUBAN AIRFORCE INCLUDES SOME 50 MIG-21's, 75 MIG-19's, 60 MIG 17's AND 30 MIG-15 TRAINERS. A recent arrival from Cuba has informed me that in Oriente Province the Russians have adapted into a submarine base an artificial bay made by the Moa Bay Mining Company in 1958. There are some 15,000 militias there under the direction of the Russians. There is an unconfirmed report that the Moa Bay Airport has been adapted for MIGS 15, 17, 19, and 21.

The true extent of the brutality, murders, tortures, imprisonments that are the normal routine of the Castro Communist regime, is not fully revealed to the American public. Castro Communist forces have actually used flame-throwers to fight anti-Castro groups, according to a letter from an eye-witness, who describes "scenes of horror, as men and women were burned to a crisp in their homes. Over 20 charred bodies were found in the smoking debris." Dr. Emilio Nunez Portuondo, former chairman of the Security Council of the UN, recently reported that 200 Cubans who had sought refuge in the caves of Mercedes estate,

It has come to the Bureau's attention that in a recent publication of the San Diego Patriotic Society there was a biographical sketch concerning Secretary of State Dean Rusk wherein the author, Frank A. Capell, apparently questioned the security qualifications of Mr. Rusk. Capell is Editor of the "Herald of Freedom," Staten Island, New York. He is currently involved in a libel matter regarding allegations in the recent political campaign concerning Senator Kuchel's alleged arrest on a moral's charge.

In view of the fact that an article of Capell's has apparently appeared in the publication of the San Diego Patriotic Society, there is a possibility that he may be connected with the Society and may appear at the meeting at which the award is to be presented. It is felt that it would not be well, therefore, for a representative of your office to appear at the meeting. You should contact the appropriate representative of the Society and point out to him tactfully that official commitments have arisen which preclude a representative of your office appearing at the meeting. If the Society still desires, they can present the award to you personally in an informal manner, perhaps in your office. In accepting it, you should not make any comment which could in any way be construed as an endorsement of the organization.

Bulletin #759

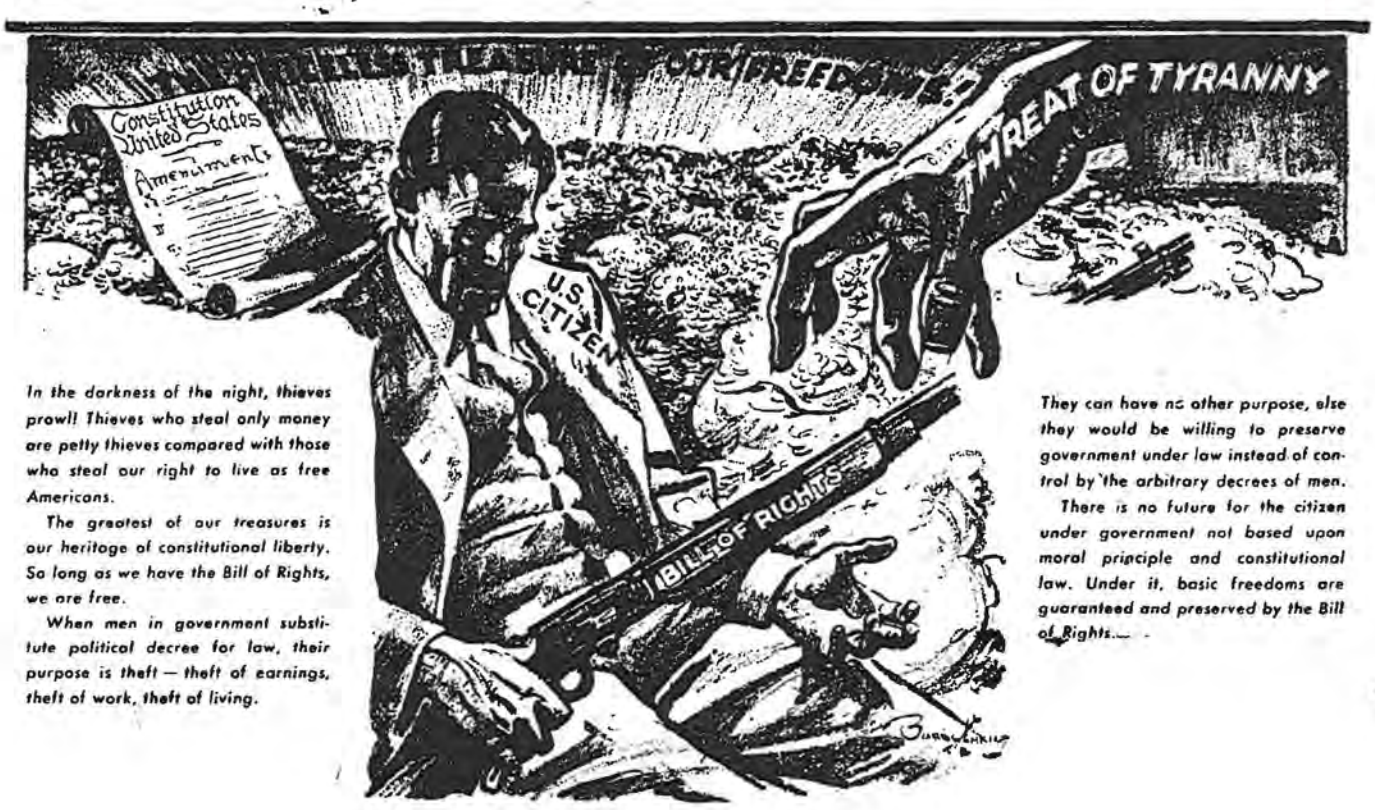
TAKE-OVER DATE — 1965?

All privately owned firearms are to be seized in a house-to-house search and the entire civilian population completely disarmed by the end of 1965!

The Constitution of the United States gives all citizens the right to bear arms as specifically stated in the Bill of Rights, which reads "A well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

When the day arrives that citizens are expected to give up their arms and to have no protection for their homes and communities, in violation of the U.S. Constitution, we will not have to wait for a take-over - - it will already have arrived!

This Administration which seems so concerned with "civil rights" for a minority group (the Negroes) is busily working on plans to take away the basic civil rights of all citizens. This Administration is clearly and unmistakably planning for our complete disarmament and occupation by United Nations Troops, and is spending millions to perfect these plans.



In the darkness of the night, thieves prowl! Thieves who steal only money are petty thieves compared with those who steal our right to live as free Americans.

The greatest of our treasures is our heritage of constitutional liberty. So long as we have the Bill of Rights, we are free.

When men in government substitute political decree for law, their purpose is theft — theft of earnings, theft of work, theft of living.

They can have no other purpose, else they would be willing to preserve government under law instead of control by the arbitrary decrees of men.

There is no future for the citizen under government not based upon moral principle and constitutional law. Under it, basic freedoms are guaranteed and preserved by the Bill of Rights.

Reprinted from the New York Journal American

The Institute for Arms Control and Peace held an International Arms Control Symposium December 17 through 20, 1962 in the Horace Rackham Building at the University of Michigan. One of the planned projects called for the systematic house to house search of the entire United States for arms of any kind. The search is to be made by the United States Army

OVER

by blocking off five states at a time, beginning in the western part of the United States. All privately owned firearms are to be seized under this plan and the entire civilian population completely disarmed by the end of 1965. This is to make easier the policing by the United Nations "Peace-Keeping" International Police Force.

Studies of every kind with regard to civilian resistance, possible civil war, uprisings, revolts - - expected when the citizens discover their plight - - are being made with the aid of experts in all fields including human behavior scientists and mental health experts.

Among those present who spoke or moderated at this frightening symposium were the following: Victor Karpou, 1st Secy. of the Soviet Embassy; Walter Reuther, Pres. of U.A.W.; Robert Matteson, U.S. Arms Control & Disarmament Agency; Joseph O. Hanson, Jr., U.S. Information Agency; J. David Singer, Mental Health Institute; Lt. Col. Harold Aaron, Dept. of Defense; Amrom Katz, Rand Corporation; Marvin Kalkstein, Cambridge Research Institute; Harold Taylor, Council on Peace Strategy; Klauss Knorr, Princeton (CFR - - Council on Foreign Relations, whose aims are to convert America into a socialist nation and then make it a unit in a one-world socialist system); Arthur Barber, Deputy Asst. Secy. of Defense; Anatol Rapoport, Mental Health Institute; John J. McNaughton, Gen. Counsel of the Defense Dept.; Homer Jack, S.A.N.E.; Mrs. Josephine Pomerance, American Association for the UN; Edward A. Conway, S.J., United World Federalists; Harold E. Lasswell, Yale (CFR); D. Lincold Harter, Soviet Expert, Wagner College; Wm. C. Foster, Director U.S. Arms Control Agency (CFR); Oscar Schachter, Office of Legal Affairs of the UN; Hans Morganthau, Univ. of Chicago (CFR); Wm. Horvath, Mental Health Institute; Sen. Hubert Humphrey (CFR); Quincey Wright, Univ. of Virginia (CFR); and Seymour Melman, Columbia University and Student Peace Union.

"World Peace Through World Law" is the slogan used on behalf of the United Nations. Plans for "Peace" through disarmament and world government were worked out by Grenville Clark, an old One-World Conspirator, who lives in Dublin, N.H. He had his plan ready at the end of World War I for the League of Nations but the United States, being wiser then, would have no part of the League of Nations. He next gave the plan to President Roosevelt to use at the end of World War II, but blames its failure on the influence of the military. Within twenty days after Senator J.F. Kennedy was elected to the Presidency, Clark wrote to him and others of the new and revised plan which called for holding down of the military. "The muzzling of the military" plan was put into action as outlined in the notorious Fulbright Memorandum. A disarmament by stages program was recommended by Grenville Clark in this letter to President-elect Kennedy, and this plan has been proceeding according to schedule.

The American people are being sold the idea that the United Nations is a "peace-keeping" agency. The truth is that the UN is completely dominated by Communists and One-World Conspirators. So amoral and void of principles are they that it is easy for them to overlook the slaughter of thousands of Hungarians, the desecration of churches in Katanga, the brutal slaying of innocent people in Katanga, only because they were anti-Communist. The United Nations took no notice of India's seizure of Goa, but rants about the lack of freedom in Angola and South Africa and is silent about the millions of slave laborers kept in prison camps all over the Soviet-controlled police states. This is the type of "justice" the world can look forward to under U.N. "Peace through World Law."

Let us keep the picture clear and in focus. The enemies of our sovereignty and freedom are the International Communist Conspirators, the One-Worlders, the occult religion-destroyers, the Foundations and last but not least, those in our government who are their co-conspirators, agents, and willing or unwilling tools.

While Communist conspirators are brainwashing our youth, while Communist leaders defy our laws with impunity, while plans for our take-over are coming into being, the Administration expresses only criticism for those who are fighting Communists, the "Right-wing Extremists." These people who have forgotten they swore an oath to defend the Constitution of the United States should remember that there are many Americans across the country who still love God and Country and intend to defend their Constitution against usurpers, and whose patience is running out. Let no one believe that the Administration does not know what is going on - - they not only know but are planning it that way.

The above was taken from THE HERALD OF FREEDOM, Frank A. Capell, Editor. Mr. Capell has also written "A Hand-book for Anti-Communists" which we strongly recommend. We also suggest for those who value the finest and most authentic documentation available to subscribe to THE HERALD OF FREEDOM, P.O. Box 333, 45 Bay St., Staten Island 1, N.Y. Subscription rates - - $6.00 per year or $3.00 for six months. Back issues are also available - - 5 for $1.00; sets of 26 different back issues $6.00

ACTION!!! It must be remembered that the 2nd amendment guarantees the right to bear arms! When we are denied that right, the time will have come for patriotic Americans to die, if need be, for God and Country! Write your congressmen for verification of these insidious plans and urge preventative action be taken.

Bulletin #1132 Communism is Treason

The National Council of Churches of Christ

God and Communism can no more exist side by side than can Capitalism and Communism. One or the other must surely perish. The Communist leaders have said that the most strategic "front" for their attack is the church. They have boasted that "If we can place one dedicated Socialist in a professorship in each American Theological Seminary we will soon capture the American church, and capturing that, we have America." In light of the Communist drive to subvert the church, it is vital that Americans understand the position of the National Council of Churches of Christ in America.

What is the NCC? Briefly its history is this: The Federal Council of Churches was organized in 1908. By the middle thirties it was so heavily infiltrated with Communists that the Office of Naval Intelligence branded it a subversive group.

By 1950, pro-communist extremism in the Council was so apparent that the organization was losing public support. A change of name - but not of policy or leadership - was effected. In Nov. 1950, the Federal Council merged with other church organizations and formed the National Council of churches. The old Federal Council leaders became the leaders of the National Council. The Federal Council "Bulletin" for Dec. 1950, officially announced that "All the work of the Federal Council will continue under the new auspices." The mountain of evidence available bears out the truth of the Bulletin's pronouncement.

Why would ministers of God want to assist the Communist plot to destroy Christianity and America? Part of the answer lies in a statement by former U. S. Rep. Walter Judd. He said: "Ministers do not become communists - communists become ministers." Karl Prussion, one time member of the Communist Party and later, undercover agent for the FBI, verified this in his testimony before various government committees.

Lenin said: "We will find our most fertile field for infiltration of Marxism within the field of religion, because religious people are the most gullible and will accept almost anything if it is couched in religious terminology." It is obvious from statements by the NCC and a review of their literature, the Communists were right again.

Many of the members of the Federal Council of Churches (who took over the leadership of the NCC) are notorious communist fronters - such men as John C. Bennett, Prof., Union Theological Seminary, New York; Harry F. Ward, Prof. Emeritus of Union Theological Seminary, who was affiliated with at least 27 communist fronts; Bishop G. Bromley Oxnam, former Pres. of the Federal Council; E. Stanley Jones, Federal Council Preacher and Missionary, who said' "...God reached out and put his hand on the Russian Communists to produce a juster order..."

The faith of Christianity is forever cast in the footprint of the first American who landed in a barren and unfriendly land and dropped to his knees, giving thanks to Almighty God for the blessings of liberty. It is not found in the petty, mean words of E. Stanley Jones or in the false doctrines of the NCC. One of its members speaking on this false doctrine said: "Of course, I do not believe in the Virgin Birth, or in that old fashioned substitutionary doctrine of atonement ... the theology of our forefathers is an insult to our intellect."

Communists learned they could destroy the church buildings, disperse the congregations and make them afraid to worship God - but they could not destroy the faith which lay in the hearts and minds of men. So they set about to change that and they are using as their principle vehicle the National Council of Churches. It was very easy. Their leadership was there - the nucleus for subversion was well established.

This is not to say that officials of the NCC are communists - but in this day and time, it is not necessary for one to carry a party card to be part and parcel of the plan to destroy Christianity.

Literature which is recommended by the NCC is, in many instances, so evil that it would shame the reader and the writer to see it in print. There is some, however, which can be printed and bears witness to its vile nature. One author, Langston

Gene 3/31/65

Communism is Treason

Hughes, who is highly recommended by the NCC wrote a thing titled "Goodbye, Christ." Here is part of it, and it is quoted:

"Listen, Christ, you did all right in your day, I reckon, but that day's gone now ...They've pawned you till you're done wore out. Goodbye, Christ Jesus Lord God Jehova, beat it on away from here now. Make way for a new guy with no religion at all - a real guy named Marx Communist Lenin Peasant Stalin worker, me ... And step on the gas, Christ. Move...The world is mine from now on... Goodbye, Christ, good morning revolution."

What ugliness! What foul immoral degeneracy! What evil to give people of a Christian nation - and in the Holy Name of the Living God!

The peace and security of America lies in its moral conscience. Without it, we are lost in confusion and darkness. God and the Cross are lost and forgotten by those who preach the new "social gospel" as spoken by the NCC. This is the gospel according to Marx for it says that man's scientific progress makes it possible for him to live without the Redeeming Grace of God.

Reprinted below are the objectives of the Communist Party and the NCC and the parallel is frightening. Read it carefully and then find out if the church you attend is a member of NCC and subscribes to these objectives.

If the National Council of Churches continues to be victorious in their attempt to fill the churches with their apostate social gospel - as surely as the sun, which is raised by the Hand of God, appears each day, the United States of America and human freedom shall perish from this earth - and the sun will rise no more. Pray God that the false prophets fail in their mission.

Bulletin # 135 Communism is Treason

WHO ARE STUDENTS FOR A DEMOCRATIC SOCIETY?

"The 1964-65 school year was a busy time for Communist leaders in all areas of the country, as the party intensified its efforts to attract young people through public appearances on college campuses. Party leaders spoke to more than 37,000 students in 56 appearances during this period. This concentration was aimed at gaining acceptance for the party as a legitimate political activity. ..and spreading Communist propaganda.

Another major weapon which the Communist Party is directing against young people is the W. E. B. DuBois Clubs of America. This party-oriented youth organization, founded in June, 1964, at a convention in San Francisco, Calif. which was dominated and controlled by Communists, has as its basic aim the promotion of Marxism-Leninism. The Marxists believe that these clubs.....have great promise in reaching youth." - - -J. EDGAR HOOVER

Students for a Democratic Society, working in cooperation with other groups has moved into the fore-front in demonstrations, marches, parades and protests in opposition to the United States policy in Vietnam. They sponsored the march on Washington on April 17, 1965 and are active in planning other activities from coast to coast.

HISTORY - In 1905 Upton Sinclair and George Strobel drafted a 'call' to form an association to promote socialism among college men and women. In response to the 'call', 100 met and formed the Intercollegiate Socialist Society. One of the charter members of this organization was Walter Lippman. Their publication: Socialist Review.

In 1921 the Intercollegiate Socialist Society changed its name to the League for Industrial Democracy and broadened its aims and purposes. The Student L.I.D. has now become Students for a Democratic Society.

Among the programs of the L.I.D. were the abolition of the R.O.T.C., the abolition of student loyalty oaths and promotion of the Oxford Peace Pledge (not to fight for one's country). Then, as now, they were much concerned with the issue of "Academic Freedom." In 1950 James Farmer became their Student Field Secretary. Farmer, who will resign as head of CORE March 1st, to assume the presidency of a new nationwide literacy training program "National Cooperative Literacy Program," financed by federal and private antipoverty funds, was given credit for organizing L.I.D chapters at Oberlin and Antioch and reviving chapters at Harvard and Wayne. In 1951 the L.I.D. convention went on record in favor of a "war against poverty," a phrase with a familiar ring.

The League for Industrial Democracy recently severed its official connection with Students for a Democratic Society for fear of losing its tax-exempt status. On the occasion of the 45th Anniversary of the parent group, their slogan became "Freedom and the Welfare State."

The Students for a Democratic Society maintain its national headquarters at 1103 E. 63rd St., Chicago, Illinois. The organization has chapters or activist members in eighty colleges and communities.

President of SDS is Carl Ogelsby of Ann Arbor, Michigan. He was a participant in the National Teach-In on the Vietnam War, held on May 15, 1965 in Washington, D. C. Oglesby is listed as a featured speaker on the program of the Seventh Anniversary Dinner of the "National Guardian." The "National Guardian" newspaper is listed in the "Guide to Subversive Organizations and Publications" and described as "a virtual official propaganda arm of Soviet Russia."

9/31/66

Communism is Treason

National Secretary of SDS is Clark Kissinger who reportedly advocated at the SDS convention this year that the members deliberately violate the Espionage Act of 1917 by distributing leaflets to servicemen, urging them to desert or adopt other means to avoid participating in the Vietnam War.

From June 9th through June 13th, 1965, the SDS held its National Convention in Michigan. A report shows that there were 250 delegates from 27 colleges present. Male and female delegates shared cabins and used the same toilet facilities. Many went barefoot and the majority were described as unshaven, dirty and unkempt.

Among other organizations represented at this convention were: The Young Socialist Alliance; The Sparticists, another Trotskyite group; the Progressive Labor Party, a pro-Chinese group and the May 2nd Movement.

In the first official statement of SDS, its members consider themselves "the new left," and to accomplish their purposes they call for "national efforts at university reform by an alliance of students and faculty. They must wrest control of the educational process from the administrative bureaucracy.....They must consciously build a base for their assault on the loci of power."

According to a booklet prepared by Tom Hayden (Staff, SDS) the "SDS is an association of young people on the left who seek alternatives to poverty, racism, corporate or military rule in public affairs and governments which people no longer control." The booklet features a photograph which shows a group of beatniks holding a sign proclaiming, "we protest inadequate everything."

Having been spawned by the Fabian Socialist Movement, this organization is simply carrying out Marxist philosophies, moving further to the left and cooperating with radicals, communists and revolutionaries. Mothers and fathers who are sending their children to college for an education often at great sacrifice, should have the facts to inform themselves and their children concerning such organizations.

The Communists plan to influence students is now progressing to the high school level. On Dec. 14th, 1965, according to Crawford High School students, San Diego, Calif., who were eye witnesses, the following occurred: As classes were dismissed, four young people stationed across the street from school, passed out printed sheets, bearing the signature "Students for a Democratic Society." The apparent spokesman for the group was bearded, barefoot and dirty. When the police arrived, he immediately quoted the laws protecting his activity. Excerpts from the sheet amply evidence the distorted and divisive thinking on the part of the Students for a Democratic Society:

"We are students at State College. We're out here because we've been shocked and pushed into realizing that high school students are not children, but are people with all the capabilities and brains and guts possessed by adults. We're here because high school students are pushed around more, with less reason, by stupider administrators than perhaps any group of humans in America, and because you haven't yet had any chance to fight back.

"You people are being stepped on in much the same way as college students are stepped on, only you get it a little harder. The way we see it, you're in a kind of machine. You know yourselves that you're getting a lousy education. You're just receiving much the same stale pablum that they handed us a couple of years ago, and you probably realize that very little of your high school education is ever going to be useful. What is worse, almost none of the compulsory miseducation is beautiful or interesting or even honest. It's not beautiful because administrators don't give a damn about your interests; it's not honest because your society is dishonest.

"You're going to school in one of the most wasteful of all possible school systems. You could be getting an education better than that given at any private secondary school, but you aren't. Instead, you're being run through a mill that is operated by bureaucrats .....: stupid people run the show as wastefully and as dully as possible.

"We have formed the Students for a Democratic Society because we want an authentic democracy, because we abhor centralized bureaucracy, and because we value personal and individual initiative. Every member is a leader; free discussion is our absolute rule; we con't control anybody or anything. We are interested in democratic social change in San Diego, and in stopping the war machine in America."

Since the Communists are so concerned with imparting knowledge to and directing the activities of our youth, shouldn't we, then, be concerned?????

"DRESS REHEARSAL"

BILLY GRAHAM

On August 16, Billy Graham stated:

"The riots in Los Angeles, Chicago, and Springfield are only the beginning--a DRESS REHEARSAL for revolution" -- San Diego Tribune, 8/16/65

a vote for Ronald Reagan is a vote for Americanism

The battle lines have been drawn.The Kremlin has decreed:

"At that hour (the take-over)large race riots are supposed to take place in every city of any size... The disturbances are to be of some extent so as to require sending large forces of police to those areas. While authorities are trying to quell these riots, picked bands of Reds are to seize the radio and TV stations and telephone exchanges.

"When night comes,the city is to be in pitch darkness. Murderous bands of Reds will roam the streets, plundering shops and stores, and starting fires in old buildings. This will increase the panic...Then, as the morning's sun casts its first rays on the community, one will be able to see blood flowing in the streets..."

This is the plan laid down by the top Communists in the United States.

Gwb
3/31/66

The City of Los Angeles, California is comparatively quiet now. The rifle fire is silent. The billowing columns of smoke drift on the wind and blend into the clouds. The screams of "Kill! Kill!" are slowly dying away. The madness and the anarchy echo bleakly down the streets. The stench of death still hangs in the air. The terror is still upon the people. But, for the most part, the city lives in relative quiet.

Were these riots the "dress rehearsal?" Were they the means employed by the Enemy Within to test the city and its people? Were they the factors used to determine what the police would do - how far the populace would go to protect and defend itself - would armed troops be sent in and, if so, on which side? Was this not then, in truth and in fact, the dress rehearsal for the take-over?

The hue and cry of "police brutality", "social injustice", "poverty" rose with hypocritical monotony. It is the same old hat - all of which continues to avoid the real issue and the real reason behind the anarchy and insurrection in Los Angeles and San Diego - and elsewhere. For the real issues and the real reasons are the same as they have always been - the Communist plan for taking over the United States by internal revolution, using the race issue as the means by which that revolution is to be accomplished.

Israel Cohen, an American Communist leader, wrote a 20th Century Racial Program in which he said: "We must realize that our party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the white, we can mould them to the program of the Communist Party." (2) The debris in Los Angeles should prove that Cohen meant what he said and that the Communists have achieved one more objective in their program to subjugate America to the will of the Kremlin. Los Angeles, as never before, was another victory for Communism.

Was this then, the dress rehearsal for the real terror that is to come - to your town and to every other town in America? Was it just a part as well - Chicago and Springfield coming as they did, simultaneously with the attacks upon Los Angeles? If Americans do not recognize the pattern by now - this unleashing of mad animals upon American cities and their citizens - as a pattern for Communist conquest of this nation, then Americans understand neither Communism nor Communists.

We are constantly bombarded with the stock phrase that there are no Communists in the Civil Rights movement - oh, maybe one or two -

but really there are no Communists in the movement. Who are they trying to deceive?

Let's take the foremost Rights leader - Martin Luther King, Jr. Congressman William L. Dickenson of Alabama reported his findings after the Selma to Montgomery march. He said: "And what about the King himself? - King Martin Luther?... Martin Luther King has amassed the staggering total of more than 60 Communist front affiliations since 1955." (3 Isn't this enough evidence?

And what about other leaders? How well qualified are they to lead? What is their moral character and personal integrity? How about "Mr. March" as he is called - Bayard Rustin. Senator Strom Thurmond of South Carolina had this to say about Mr. Rustin: "Mr. Rustin's criminal record serves as a good beginning point. Mr. Rustin is reported... as having served 28 months during World War II as a conscientious objector. The true facts are that he was sentenced for failure to abide by the selective service law... He was convicted in 1953 in Pasadena, Calif., of a morals charge after being arrested with two men. The 'morals charges' are true. The conviction was sex perversion and a subsequent arrest of vagrancy and lewdness. Mr. Rustin pleaded guilty to the sex perversion charge." (4)

With men like King and Rustin and a few hundred others like them, leading the Civil Rights movement, and such groups as the Black Muslims, it is small wonder that Los Angeles was pillaged and burned and people beaten into senseless masses and terrorized beyond human endurance.

Ask yourself the question: What would happen to me and a few hundred of my friends if we decided to roam the streets of any city in a mob that was terrorizing an entire city? Would someone write laws for me to protect my "civil rights" because I thought I was frustrated and it was a hot, humid night? The answer is a blunt "no". Yet, the liberals are at it again - hardly before the blood is dry on the street, declaring that what happened in Los Angeles is somehow the "white man's fault." It is somehow their fault that thousands of mad animals turned a city into a living hell of death and terror.

Now, sit back and contemplate your fate - and the fate of every white man in the United States - and the fate of every city in the United States. The rioters may be partially subdued at the moment and the city may be relatively quiet - but how long will it stay that way? How long before they ring the curtain up on the opening perform-

ance of "Revolution, USA?" How long can you, or any decent person, walk the streets of your town without fear clutching at your heart? The Negroes who terrorized and destroyed Los Angeles spit on their own ministers. Do you think they have run out of spit - for you?

How safe are you? How long before it begins again - maybe not in the same place but in other cities. A week? A month? Tomorrow?

The week of terror which passed such a short time ago is only the beginning. You have been witness to the "dress rehearsal."

Editor's Note: There is no relationship between right and wrong and the color of a man's skin. An American is loyal or disloyal, law-abiding or contemptuous of law and order. The color of his skin has no bearing.

The following headline appeared in the Los Angeles Herald Examiner on Tuesday, August 17, 1965:

Reds Backed Riots: Yorty

Communists, their dupes and other demagogues, played a big part in the riots here, Mayor Samuel W. Yorty charged today.

"For some time there has existed a world-wide subversive campaign to stigmatize all police as brutal. The cry of police brutality has been shouted in cities all over the world by Communists, dupes and demagogues irrespective of the facts.

"Such a campaign has been vigorously pushed here in Los Angeles."

"In fact," Yorty said, "the 'big lie' technique has been used to such an extent that some unthinking people have been misled by the incessant repetition of the lie.

MEET TOLD

A high police official reportedly informed the mayor that a meeting of a Communist-line group composed of top Reds met in Los Angeles Sunday and marked the riots as an "excellent source of trouble for fomenting dissension and hatred of the police department."

'Civil Rights' leaders

Sincere Americans want to know the truth. There is ample evidence of Communist influence within the so-called "non-violent" Civil Rights Movement. The picture on the next page shows Martin Luther King at the Highlander Folk School in Monteagle, Tennessee during the Labor Day week-end of 1957.

Charged with being a subversive organization and after illegally selling liquor and permitting promiscuous lewdness, the school was closed by the state of Tennessee.

Rustin went to Scandanavia with Dr. King in 1964, when the latter received the Nobel Prize-- for peace.

HUNTER PITTS O'DELL
— Identified Communist —

King replaced Rustin with Hunter Pitts O'Dell (alias Jack H. O'Dell) about 1960. O'Dell was identified as a communist organizer in New Orleans in 1956 (9) and was elected to the CPUSA national committee in 1961 (10).

Also Anne Braden, Carl Braden, and Dr. James Dombrowski (all identified communists) are supporters or associates of King and are past or present officials of SCEF. (11), (12).

"Non-violence", communist style

DR. KING has stated, "The price that America must pay for the oppression of the Negro is the price of its own destruction". (13) In his book "Stride Toward Freedom", p. 191, KING states "... the racial crisis in America is a part of the larger world crisis."

Two Negro 'Civil Rights' Workers Speak Out

JULIA BROWN

Mrs. Brown, a Negro, joined the Communi Party in Cleveland hoping to improve Negro "civil rights". When she found that CPUSA was a "conspiracy and trying to destroy my country" (14), she notified the FBI. She later was an undercover agent for the FBI for over nine years. Julia Brown was a star witness before the U.S. House Committee on Un-American Activities in 1962.

MANNING JOHNSON

MANNING JOHNSON, a Negro, after ten years as a high official in the Communist Party was prepared to spend the rest of his life waking up his fellow Americans. And this he tried to do before his untimely death, both in his book "Color, Communism, and Common Sense", and in his testimony before the Louisiana Legislature when he stated:

"Let us examine...some of these people who have been in the driver's seat in the NAACP.... You have Negroes. You have white philanthropists. You have communists, fellow-travelers, some eggheads, and idealists, and people who do not know what they want, combined with Socialists, and Trotskyites... their programs and policies are based upon the teachings of Karl Marx... all of them fighting over the poor Negro. They want to use him in their political plans. They are basically anti-capitalism; they all seek in one form or another the destruction of the government of the United States..." (15)

J. EDGAR HOOVER STATES

J. EDGAR HOOVER testified officially as follows:

"The Negro situation is also being exploited fully and continuously by communists on a national scale... The party's objectives are not to aid the Negroes, but are designed to take advantage of all controversial issues in the race question so as to create unrest, dissention and confusion in the minds of the American people." (16)

"Always alert to exploit discontent and promote disorder, the party continued to regard the civil rights issue as one facet of the class struggle within the capitalist system. *With this Marxist-Leninist analysis as a guide*, the party has an objective by using the civil rights issue to create a NEGRO-LABOR COALITION which it would dominate to advance the cause of Communism in the United States". Communism is Treason

The National Council of Churches of Christ

God and Communism can no more exist side by side than can Capitalism and Communism. One or the other must surely perish. The Communist leaders have said that the most strategic "front" for their attack is the church. They have boasted that "If we can place one dedicated Socialist in a professorship in each American Theological Seminary we will soon capture the American church, and capturing that, we have America." In light of the Communist drive to subvert the church, it is vital that Americans understand the position of the National Council of Churches of Christ in America.

What is the NCC? Briefly its history is this: The Federal Council of Churches was organized in 1908. By the middle thirties it was so heavily infiltrated with Communists that the Office of Naval Intelligence branded it a subversive group.

By 1950, pro-communist extremism in the Council was so apparent that the organization was losing public support. A change of name - but not of policy or leadership - was effected. In Nov. 1950, the Federal Council merged with other church organizations and formed the National Council of churches. The old Federal Council leaders became the leaders of the National Council. The Federal Council "Bulletin" for Dec. 1950, officially announced that "All the work of the Federal Council will continue under the new auspices." The mountain of evidence available bears out the truth of the Bulletin's pronouncement.

Why would ministers of God want to assist the Communist plot to destroy Christianity and America? Part of the answer lies in a statement by former U. S. Rep. Walter Judd. He said: "Ministers do not become communists - communists become ministers." Karl Prussion, one time member of the Communist Party and later, undercover agent for the FBI, verified this in his testimony before various government committees.

Lenin said: "We will find our most fertile field for infiltration of Marxism within the field of religion, because religious people are the most gullible and will accept almost anything if it is couched in religious terminology." It is obvious from statements by the NCC and a review of their literature, the Communists were right again.

Many of the members of the Federal Council of Churches (who took over the leadership of the NCC) are notorious communist fronters - such men as John C. Bennett, Prof., Union Theological Seminary, New York; Harry F. Ward, Prof. Emeritus of Union Theological Seminary, who was affiliated with at least 27 communist fronts; Bishop G. Bromley Oxnam, former Pres. of the Federal Council; E. Stanley Jones, Federal Council Preacher and Missionary, who said "...God reached out and put his hand on the Russian Communists to produce a juster order..."

The faith of Christianity is forever cast in the footprint of the first American who landed in a barren and unfriendly land and dropped to his knees, giving thanks to Almighty God for the blessings of liberty. It is not found in the petty, mean words of E. Stanley Jones or in the false doctrines of the NCC. One of its members speaking on this false doctrine said: "Of course, I do not believe in the Virgin Birth, or in that old fashioned substitutionary doctrine of atonement ... the theology of our forefathers is an insult to our intellect."

Communists learned they could destroy the church buildings, disperse the congregations and make them afraid to worship God - but they could not destroy the faith which lay in the hearts and minds of men. So they set about to change that and they are using as their principle vehicle the National Council of Churches. It was very easy. Their leadership was there - the nucleus for subversion was well established.

This is not to say that officials of the NCC are communists - but in this day and time, it is not necessary for one to carry a party card to be part and parcel of the plan to destroy Christianity.

Literature which is recommended by the NCC is, in many instances, so evil that it would shame the reader and the writer to see it in print. There is some, however, which can be printed and bears witness to its vile nature. One author, Langston

Communism WHO ARE is Treason
STUDENTS FOR A DEMOCRATIC SOCIETY?

"The 1964-65 school year was a busy time for Communist leaders in all areas of the country, as the party intensified its efforts to attract young people through public appearances on college campuses. Party leaders spoke to more than 37,000 students in 56 appearances during this period. This concentration was aimed at gaining acceptance for the party as a legitimate political activity. ..and spreading Communist propaganda.

Another major weapon which the Communist Party is directing against young people is the W. E. B. DuBois Clubs of America. This party-oriented youth organization, founded in June, 1964, at a convention in San Francisco, Calif. which was dominated and controlled by Communists, has as its basic aim the promotion of Marxism-Leninism. The Marxists believe that these clubs.....have great promise in reaching youth." - - -J. EDGAR HOOVER

Students for a Democratic Society, working in cooperation with other groups has moved into the fore-front in demonstrations, marches, parades and protests in opposition to the United States policy in Vietnam. They sponsored the march on Washington on April 17, 1965 and are active in planning other activities from coast to coast.

HISTORY - In 1905 Upton Sinclair and George Strobel drafted a 'call' to form an association to promote socialism among college men and women. In response to the 'call', 100 met and formed the Intercollegiate Socialist Society. One of the charter members of this organization was Walter Lippman. Their publication: Socialist Review.

In 1921 the Intercollegiate Socialist Society changed its name to the League for Industrial Democracy and broadened its aims and purposes. The Student L.I.D. has now become Students for a Democratic Society.

Among the programs of the L.I.D. were the abolition of the R.O.T.C., the abolition of student loyalty oaths and promotion of the Oxford Peace Pledge (not to fight for one's country). Then, as now, they were much concerned with the issue of "Academic Freedom." In 1950 James Farmer became their Student Field Secretary. Farmer, who will resign as head of CORE March 1st, to assume the presidency of a new nationwide literacy training program "National Cooperative Literacy Program," financed by federal and private antipoverty funds, was given credit for organizing L.I.D chapters at Oberlin and Antioch and reviving chapters at Harvard and Wayne. In 1951 the L.I.D. convention went on record in favor of a "war against poverty," a phrase with a familiar ring.

The League for Industrial Democracy recently severed its official connection with Students for a Democratic Society for fear of losing its tax-exempt status. On the occasion of the 45th Anniversary of the parent group, their slogan became "Freedom and the Welfare State."

The Students for a Democratic Society maintain its national headquarters at 1103 E. 63rd St., Chicago, Illinois. The organization has chapters or activist members in eighty colleges and communities.

President of SDS is Carl Ogelsby of Ann Arbor, Michigan. He was a participant in the National Teach-In on the Vietnam War, held on May 15, 1965 in Washington, D. C. Oglesby is listed as a featured speaker on the program of the Seventh Anniversary Dinner of the "National Guardian." The "National Guardian" newspaper is listed in the "Guide to Subversive Organizations and Publications" and described as "a virtual official propaganda arm of Soviet Russia."

Communism is Treason

National Secretary of SDS is Clark Kissinger who reportedly advocated at the SDS convention this year that the members deliberately violate the Espionage Act of 1917 by distributing leaflets to servicemen, urging them to desert or adopt other means to avoid participating in the Vietnam War.

From June 9th through June 13th, 1965, the SDS held its National Convention in Michigan. A report shows that there were 250 delegates from 27 colleges present. Male and female delegates shared cabins and used the same toilet facilities. Many went barefoot and the majority were described as unshaven, dirty and unkempt.

Among other organizations represented at this convention were: The Young Socialist Alliance; The Sparticists, another Trotskyite group; the Progressive Labor Party, a pro-Chinese group and the May 2nd Movement.

In the first official statement of SDS, its members consider themselves "the new left," and to accomplish their purposes they call for "national efforts at university reform by an alliance of students and faculty. They must wrest control of the educational process from the administrative bureaucracy.....They must consciously build a base for their assault on the loci of power."

According to a booklet prepared by Tom Hayden (Staff, SDS) the "SDS is an association of young people on the left who seek alternatives to poverty, racism, corporate or military rule in public affairs and governments which people no longer control." The booklet features a photograph which shows a group of beatniks holding a sign proclaiming, "we protest inadequate everything."

Having been spawned by the Fabian Socialist Movement, this organization is simply carrying out Marxist philosophies, moving further to the left and cooperating with radicals, communists and revolutionaries. Mothers and fathers who are sending their children to college for an education often at great sacrifice, should have the facts to inform themselves and their children concerning such organizations.

The Communists plan to influence students is now progressing to the high school level. On Dec. 14th, 1965, according to Crawford High School students, San Diego, Calif., who were eye witnesses, the following occurred: As classes were dismissed, four young people stationed across the street from school, passed out printed sheets, bearing the signature "Students for a Democratic Society." The apparent spokesman for the group was bearded, barefoot and dirty. When the police arrived, he immediately quoted the laws protecting his activity. Excerpts from the sheet amply evidence the distorted and divisive thinking on the part of the Students for a Democratic Society:

"We are students at State College. We're out here because we've been shocked and pushed into realizing that high school students are not children, but are people with all the capabilities and brains and guts possessed by adults. We're here because high school students are pushed around more, with less reason, by stupider administrators than perhaps any group of humans in America, and because you haven't yet had any chance to fight back.

"You people are being stepped on in much the same way as college students are stepped on, only you get it a little harder. The way we see it, you're in a kind of machine. You know yourselves that you're getting a lousy education. You're just receiving much the same stale pablum that they handed us a couple of years ago, and you probably realize that very little of your high school education is ever going to be useful. What is worse, almost none of the compulsory miseducation is beautiful or interesting or even honest. It's not beautiful because administrators don't give a damn about your interests; it's not honest because your society is dishonest.

"You're going to school in one of the most wasteful of all possible school systems. You could be getting an education better than that given at any private secondary school, but you aren't. Instead, you're being run through a mill that is operated by bureaucrats .....: stupid people run the show as wastefully and as dully as possible.

"We have formed the Students for a Democratic Society because we want an authentic democracy, because we abhor centralized bureaucracy, and because we value personal and individual initiative. Every member is a leader; free discussion is our absolute rule; we con't control anybody or anything. We are interested in democratic social change in San Diego, and in stopping the war machine in America."

Since the Communists are so concerned with imparting knowledge to and directing the activities of our youth, shouldn't we, then, be concerned?????

Communism is Treason

The National Council of Churches of Christ

God and Communism can no more exist side by side than can Capitalism and Communism. One or the other must surely perish. The Communist leaders have said that the most strategic "front" for their attack is the church. They have boasted that "If we can place one dedicated Socialist in a professorship in each American Theological Seminary we will soon capture the American church, and capturing that, we have America." In light of the Communist drive to subvert the church, it is vital that Americans understand the position of the National Council of Churches of Christ in America.

What is the NCC? Briefly its history is this: The Federal Council of Churches was organized in 1908. By the middle thirties it was so heavily infiltrated with Communists that the Office of Naval Intelligence branded it a subversive group.

By 1950, pro-communist extremism in the Council was so apparent that the organization was losing public support. A change of name - but not of policy or leadership - was effected. In Nov. 1950, the Federal Council merged with other church organizations and formed the National Council of churches. The old Federal Council leaders became the leaders of the National Council. The Federal Council "Bulletin" for Dec. 1950, officially announced that "All the work of the Federal Council will continue under the new auspices." The mountain of evidence available bears out the truth of the Bulletin's pronouncement.

Why would ministers of God want to assist the Communist plot to destroy Christianity and America? Part of the answer lies in a statement by former U. S. Rep. Walter Judd. He said: "Ministers do not become communists - communists become ministers." Karl Prussion, one time member of the Communist Party and later, undercover agent for the FBI, verified this in his testimony before various government committees.

Lenin said: "We will find our most fertile field for infiltration of Marxism within the field of religion, because religious people are the most gullible and will accept almost anything if it is couched in religious terminology." It is obfious from statements by the NCC and a review of their literature, the Communists were right again.

Many of the members of the Federal Council of Churches (who took over the leadership of the NCC) are notorious communist fronters - such men as John C. Bennett, Prof., Union Theological Seminary, New York; Harry F. Ward, Prof. Emeritus of Union Theological Seminary, who was affiliated with at least 27 communist fronts; Bishop G. Bromley Oxnam, former Pres. of the Federal Council; E. Stanley Jones, Federal Council Preacher and Missionary, who said "...God reached out and put his hand on the Russian Communists to produce a juster order..."

The faith of Christianity is forever cast in the footprint of the first American who landed in a barren and unfriendly land and dropped to his knees, giving thanks to Almighty God for the blessings of liberty. It is not found in the petty, mean words of E. Stanley Jones or in the false doctrines of the NCC.
